Thanks Linda, I'm glad you got clarification, as I wasn't sure if the new dates had been approved yet. I talked with Quinn this morning and am up to speed on communications. Have a great holiday weekend!

Thanks, Jennifer. Seeing your out-of-office notification, I left a voice mail with Quinn. We have had a press inquiry and one of the questions is the landfill closure date. Should I use 2036 or is there a better date that I should give?

Hi Linda, yes we do expect this will move the closure date earlier, and will update our plans accordingly.

Subject: confirming date for landfill closure

EXTERNAL - STOP & THINK before opening links and attachments.

Good morning,

From my notes taken during our call on April 19, 2022, the landfill (ash disposal facility) was projected to have a formal closure date of 2036. I had seen the attached article from April of this year. Is the 2036 a reasonable date to use for the landfill closure or has it been moved up; and, if so, what is the new projected date?

Thank you.

Linda Jacobson
